

CHRIS BALLARD, CAN YOU HEAR ME?

When **Glen Murray announced his resignation from the Ministry of the Environment** and his departure from politics, it became obvious that an immediate replacement would need to be found. There are so many major environmental questions facing the province. A major environmental challenge faces Oxford County too. **91,000 letters** have explained that to Glen Murray, his predecessor Jim Bradley, and now his successor Chris Ballard. Join your neighbours & friends in urging the new Minister of the Environment to stop the dump. The email is the same - minister.moe@ontario.ca - even if the face has changed.

Bryan Smith has written to Mr. Ballard personally as could you.
Chris Ballard needs to hear from us all.
